

At the School of **OPENCOHESION**

HOMework Lesson 3 – Explore

ROUTE

Following the decisions taken in class, the group will:

- Organise a monitoring visit to the site
- **By the deadline - March 19th:**
 - Publish a monitoring report for Monithon.eu
 - Draft the and publish the Lesson 3 Report

TRICKS

COLLABORATE. Working in collaboration means contributing together to the same project, even with small things, links, short descriptions, analysis, or a good document. The project manager coordinates this work. The other roles collaborate with each other and coordinate the stages required under their assigned role, involving all others, always communicating. **You are a team!**

COMMUNICATE Use the ASOC institutional email address for doubts, questions and requests for further information. Use social networks to talk about the work you're doing, potentially involve the people concerned in your territory, share the results.

FOR ALL: EXPANDING CONTENT OF LESSON 3 – EXPLORE

Consult the educational steps with further information: review the educational steps viewed in class, read the text and the topic developments.
