

<p>Brief description of your civic monitoring research</p> <p>THE CHANGING THEATRE is based on the Dioscuri Theatre and its social and cultural impact through cultural and intercultural funding on its surroundings. One its most interesting achievements has been the project Kick the COVID that was held in August 2022 during the traditional "Chiena". The monitoring will try to explain the different phases both financially and socially. It will also demonstrate how the theatre can influence the environment.</p>	<p>Contextual information: what data did you find on your reference theme?</p> <p>Information and different moments that scan and analyze every moment of the project.</p>	<p>Chosen project and theme</p> <p>THE CHANGING THEATRE</p> <p>KICK THE COVID</p>	<p>Experts on the theme to be involved from the territory.</p> <p>Teatro dei Dioscuri of Campagna</p> <p>Town Hall Campagna (SA)</p>	<p>Communication format and involvement strategy</p> <p>Social Media: Instagram</p> <p>Pamphlets and Posters</p> <p>PowerPoint</p> <p>Book Creator</p>

Value for the community: how will your research have an impact on your territory? Which effects and further developments could your research trigger? Which categories of people could it interest?

Greater awareness of cultural and intercultural communication that offers the ability to deal with other cultures in the realization of bettering the surrounding environment.
