## Experts on the topic

We will involve experts in the territory including Dr. Alessandra Tuzza, Europedirect Calabria Europa, the Mayor of Rosarno, experts from the Calabria Region and illustrious figures who have distinguished themselves in the fields of Archeology and Tourism.

## Communication and involvement strategy

As active citizens we will use new ICTs , such as Cmap, Coogole, Mentimeter, Mindmap, Metaquest, to create a website, shoot videos, prepare interviews and will use the PiriaWEBRadio for the follow-up.

## Value for the community

Raising the quality of life, through the improvement of environmental conditions and the fight against the inconveniences deriving from congestion and situations of urban marginalization, at the same time enhancing the heritage of identity and strengthening the relationship of citizens with places, and promoting the European Community policies and their benefits in our territory for youths.
