

ASOC / INTERREG ITALY - CROATIA CBC PROGRAMME

Webinar – Strategic Call projects

13 January 2023

BLUE INNOVATION

1.1 INNOVAMARE

DIVE INTO THE DEPTH OF OPPORTUNITIES

Lead Partner: Croatian Chamber of Economy

Total budget: € 5.555.755,45

Duration: 01/07/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/innovamare>

INNOVAMARE project is developing and establishing an innovation ecosystem model in the area of underwater robotics and sensors for purposes of monitoring and surveillance sector with a mission-oriented on the sustainability of the Adriatic Sea.

SAFETY AND RESILIENCE

2.1 ADRIACLIM

Climate change information, monitoring and management tools for adaptation strategies in Adriatic coastal areas

Lead Partner: Regional Agency for Prevention, Environment and Energy of Emilia-Romagna

Total budget: € 8.823.415

Duration: 01/01/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/adriacлим>

Adriacлим project is dedicated to supporting the development of science-based regional and local climate change adaptation plans. AdriaClim addresses climate change threats by developing regional and local adaptation plans based on up-to-date meteorological and oceanographical information acquired through newly implemented observing and modelling systems for the Adriatic Sea.

2.2 FIRESPILL

Fostering improved reaction of crossborder emergency services and prevention increasing safety level

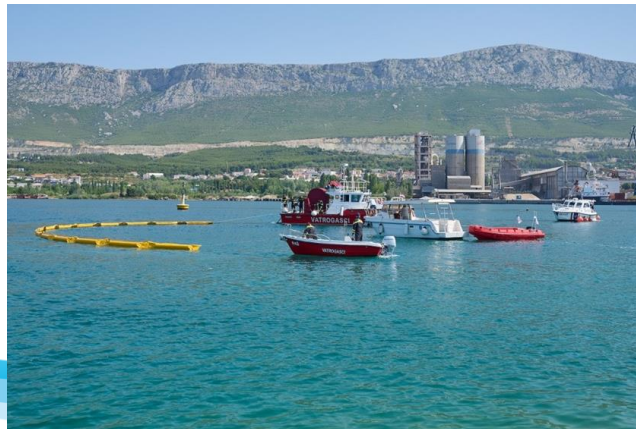

Lead Partner: Public institution RERA S.D. for coordination and development of Split Dalmatia County

Total budget: € 16.492.799,60

Duration: 01/04/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/firespill>

FIRESPILL project has the aim to enhance the capacity of Emergency Service Organizations to increase cross-border effectiveness in tackling natural and man-made disasters, decreasing the exposure of the populations to the impact of hazards and increasing the safety of the Croatian and Italian Adriatic basin by improving emergency prevention and management measures and instruments.

2.2 STREAM

Strategic development of flood management

Lead Partner: Zadar County development agency Zadra Nova

Total budget: € 9.411.657,83

Duration: 01/04/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/stream>

Project STREAM will enhance all stakeholders' competencies to promptly respond to the flood. STREAM objective is to improve monitoring and risks and to improve the management for prompt reaction in events of flood disasters by creating and developing flood risk maps, flood hazard maps and FRMP, as well as by developing EWS along with raising awareness of citizens.

ENVIRONMENTAL AND CULTURAL HERITAGE

3.1 TAKE IT SLOW

Smart and Slow Tourism Supporting Adriatic Heritage for Tomorrow

Lead Partner: Dubrovnik Neretva Region

Total budget: € 3.764.695,71

Duration: 01/06/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/take-it-slow>

Take it slow project is designed to manage and promote the Adriatic Region as a green, smart, sustainable, accessible and slow cross-border tourist destination. The core of the project is cross-border partnership of the private, public and scientific sector and joint support to excellence and innovation in the tourism value chain based on smart specialization concept.

3.2 ARGOS

Shared Governance of Sustainable Fisheries and Aquaculture Activities as Leverage to Protect Marine Resources in the Adriatic Sea

Lead Partner: Autonomous Region of Friuli Venezia Giulia

Total budget: € 5.725.155,00

Duration: 01/04/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/argos>

ARGOS project sets up a common framework for governance where all Institutions competent for fisheries and aquaculture in the Programme area act as a whole in the management and protection of shared biological resources, under the best scientific guidance.

3.2 CASCADE

CoAStal and marine waters integrated monitoring systems for ecosystems proteCtion AnD management

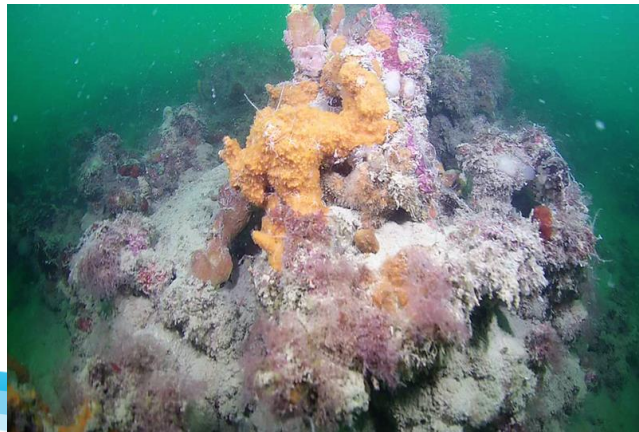

Lead Partner: Apulia Region

Total budget: € 5.817.547,00

Duration: 01/01/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/cascade>

CASCADE project develops a set of concerted and coordinated actions including monitoring (observing and modelling) and management (Maritime Spatial Planning - MSP, Integrated Coastal Zone Management - ICZM, Land-Sea Interaction - LSI) to enhance the knowledge and to evaluate the quality and assess the vulnerability of inland, coastal and marine ecosystems in Italy and Croatia with the final objective to restore endangered species and to support integrated management.

3.3 MARLESS

MARine Litter cross-border awareN ESS and innovation actions

Lead Partner: Regional agency for environmental protection and prevention of Veneto

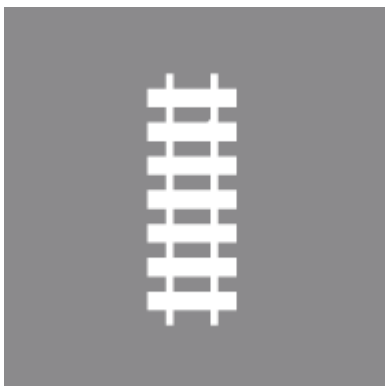

Total budget: € 4.244.726,00

Duration: 01/06/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/marless>

MARLESS project intends to tackle the problem of Marine Litter in the Adriatic Sea from many fronts in order to obtain visible and concrete results. The project addresses the problem in a holistic way involving the direct or indirect responsible actors of the Marine Litter, which together can represent the solution to the problem.

MARITIME TRANSPORT

4.1 SUSPORT SUStainable PORTs

Lead Partner: Port Network Authority of the Eastern Adriatic Sea

Total budget: € 7.142.000,00

Duration: 01/07/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/susport>

SUSPORT project intends to strengthen the institutional capacity and cross-border governance of the ports of the Programme Area in the sector, enhancing the environmental sustainability and energy efficiency. In particular, a model of cross-border plan for environmental sustainability and port energy efficiency will be developed.

4.1 MIMOSA

Maritime and multimodal sustainable passenger transport solutions and services

Lead Partner: Central European Initiative Executive Secretariat

Total budget: € 7.140.000,00

Duration: 01/01/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/mimosa>

MIMOSA project is focused on changing a low level of cross-border connectivity by developing visible outputs, ranging from multimodal solutions to innovative and smart tools and technologies. It tackles the common challenge of increasing multimodality and reducing the impact of transport on the environment.

4.1 FRAMESPORT

Framework initiative fostering the sustainable development of Adriatic small ports

Lead Partner: Consortium for Coordination of Research Activities concerning the Venice Lagoon System (CORILA)

Total budget: € 7.138.832,90

Duration: 01/01/2020 – 30/06/2023

<https://www.italy-croatia.eu/web/framesport>

FRAMESPORT project performs a coordinated initiative supporting an integrated and sustainable development of small ports in a strategic perspective, thus allowing them to be pro-active socio-economic drivers of the development in the Adriatic coasts.
