Guide To using

A mini-guide to learn and move the first steps with infogram

infogram

Infogram is a web application for creating graphs, reports, infographics and interactive maps

<u>Sign up on infogram</u>

Find out how to create your infographic!

Choose the "Infographics" format

To begin with, choose the type of infographic you want to create, by first clicking on "Templates" and then "Infographics" and selecting one of the templates already proposed

wc	
n ipsum dok	or sit amet, consectetur adipisc
tep 1	
im laoreet sed en ai id venenatis to natis felis. In imp sit amet	nos eu viverra. rtor, ultricies perdiet metus
	Step 2 Nullam lacreet sed eros eu viverna. Morbi id venenatis tortor, ultricies verenatis felia. In imperdiet metus orci, sit amet tempor risus

...

ntegration

By clicking on the last item "Integration" you can upload previously created tables in .xls, .xlsx, .csv format or via Google Drive Document

Customize the infographic

6

The "Settings" menu allows you to make changes the characteristics of the graph: the layout (horizontal or vertical), the size, the colors etc.

/

Save and share the infographic

6

P 1 Download	Click first on "Share" to share the link to your infographic on the site of ASOC	
Edit data Settings Edit data Settings Column Edit data Settings Column		Public on the Your project will have viewable URL that appendix engines External link https://infogram.com/state
Width (px) Height (px) Rotation 288 271 0° Transparency (%) 0 Add animation 1. Chart properties Color 1. Axis & grid Export as How can we help you?		Embed Responsive (Async) Responsive (Async) <div class="infogram-emile a71d-5f71c6b8061b" data="" div<="" td=""> a71d-5f71c6b8061b" data div Transparent backgrou Embed restrictions: Allow (Async)</div>

Now you can publish your infographic on the Team blog. Make sure the checkbox is on "Public on the web" and copy the "External link" to share it in the Lesson Report!
