The screenshot shows the Infogram editor interface. At the top, there's a navigation bar with 'Step by Step Charts', a sync status 'All changes synced 1462 minutes ago', and buttons for 'Download' and 'Share...'. The main workspace displays a dashboard titled 'Team ASOC' with the subtitle 'Guida a Infogram'. Below this, there's a section '1. Question' with a paragraph of placeholder text and a bar chart. The bar chart has a y-axis from 0 to 16K and x-axis categories: USA, China, Japan, Germany, and France. The USA bar is the tallest, reaching approximately 14.5K. To the right, a settings panel is open, showing 'Edit data' and 'Settings' tabs. The 'Edit data' tab is active, displaying a 'Column' chart preview and various configuration options like 'Width (px)', 'Height (px)', 'Rotation', and 'Transparency (%)'. The 'Export as...' dropdown is visible at the bottom of the settings panel.
